Wednesday, October 14, 2020

Good Afternoon WES Kindergarten Families,

At last evening's School Board meeting it was announced that the district, and WES, will be expanding our hybrid kindergarten model from two days in building, to four. This will bring our youngest learners into the building on Monday, Tuesday, Thursday and Friday for direct in-person instruction with their teachers and peers. Wednesdays will continue to be remote to allow for building cleaning. We will begin the new weekly schedule, next week, Monday, October 19th. Those families who currently use bus transportation on Mondays and Tuesdays should reach out to WW Berry at 636-6100 to let them know your Thursday and Friday needs.

We believe that expanding the in-building learning time will have positive benefits for our Kindergarteners. If you have any questions, please don't hesitate to contact us.

Sincerely,

Michael Cronin, Principal
